Rec. Tugs
Arr. Institution

E-G-A-G

I went to a party the other night,
Lookin' to fill me brain with light,
I whipped out a bottle startin' drinkin' wine
I thought before long I'd be feelin' fine ~

Chorus: But I couldn't Get High - No
I tried + I tried but I couldn't get high + adlibs.

So I threw down the bottle + I picked up my pipe,
Stuffed it with grass + I gave myself a light,
I huffed + I puffed; and I smoked + I choked ~
And before too long my heart was nearly broke ...

Chorus.

So I threw down my pipe as mad as I could be -
And I piddled up a cube of LSD!

I waited thirty minutes for my body to sing
I waited + I waited but I didn't feel a thing ...

Chorus.

* Repeat first Verse - Quiet.

Chorus → End.
